

## Syncrometer – Test List

### Vitamin C

3 solvents  
selenium  
yttrium  
thullium

### Cellar

radon  
uranium  
thorium  
vanadium

### Beer & Wine

3 solvents  
aflatoxin  
ergot  
patulin

### Bread

3 solvents  
5 malonic acids  
aflatoxin  
ergot  
vanadium

### Clothes

cobalt  
formaldehyde  
PCBs

### Body-care

3 solvents  
aluminum  
antimony  
barium  
benzalconium

bismuth  
chromium  
formaldehyde  
PCBs  
strontium  
tin  
titanium  
xylene  
zirconium

### Dental floss

3 solvents  
aluminum  
arsenic  
cerium  
mercury  
nickel  
thallium

### Dental metals

5 malonic acids  
aluminum  
barium  
beryllium  
cerium  
chromium  
copper  
cobalt  
europium  
gadolinium  
gallium  
gold

indium  
iridium  
mercury  
nickel  
palladium  
platinum  
rhodium  
ruthenium  
samarium  
scandium  
silver  
tantalum  
tellurium  
thallium  
titanium  
vanadium

### Dental plastics

5 malonic acids  
aluminium  
bisphenol  
cadium  
caesium  
cobalt  
copper  
erbium  
fiberglass  
germanium

### Make-up

3 solvents  
antimony  
chromium  
cobalt

### Fish and Meat

E-Coli  
lead  
mercury  
salmonella  
shigellas

### Food

3 solvents  
5 malonic acids  
aflatoxin  
copper  
tartrazin  
sudan black

### Fruit

aflatoxin  
malonic acids  
patulin

### Honey

3 solvents  
asbestos  
ergot  
sterigmatocystin

### IVs

3 solvents  
5 malonic acids  
bacteria  
benzene  
copper  
cobalt  
ascaris (eggs)

### Tablets

3 solvents  
5 malonic acids  
aflatoxin  
cobalt

5 malonic acids  
aflatoxin  
cobalt  
copper  
vanadium

### Tea and coffee

3 solvents  
copper  
fungus (mold)

### Milk products

3 solvents  
5 malonic acids  
cobalt  
copper  
fasciola  
fasciolopsis  
rhizobium  
salmonella  
shigella  
sudan  
tapeworm-stages  
urethane  
vanadium

### Paper and carton

chlorox  
mercury  
thallium

### Plastic (transparent)

3 solvents  
cadmium  
cesium

### Soaps&shampoo

cobalt  
PCBs  
3 solvents

### Water

aluminium  
arsenic  
asbestos  
cadmium  
chlorox

### Parasites in water

Amoebas  
Coli bacterium  
cryptosporidium  
enterobius verm  
giardia

### Sugar (brown)

3 solvents  
aflatoxin  
asbestos

### Sugar (white)

aluminum  
alcohol isopropyl  
asbestos

### Toothpaste

3 solvents  
benzalkoniumchlori  
sodium  
strontium  
tin  
zirconium  
fluor

### Vitamins and supplements

3 supplements  
5 malonic acids  
aflatoxin  
aluminum  
benzalconium  
carbon-tetra-chloride  
cobalt  
copper  
lead  
decane  
erbium  
formaldehyde  
hexane  
mercury  
PCBs  
praseodymium  
ruthenium  
strontium  
thallium  
toluene  
vanadium

**Dust**

arsenic  
asbestos  
beryllium  
fiberglass  
freon  
PCP  
PCBs  
lindan  
formaldehyde  
rotenone  
vanadium

mercury  
tartrazin  
terbium  
urethan  
vanadium  
ytterbium  
detergent  
chlorox  
cobalt  
PCB  
cobalt

copper  
erbium  
neodymium  
niobium  
praseodymium  
toluene  
vanadium  
xylene  
yttrium

**Liquid medicine**

3 solvents

chromium  
copper  
DDT  
lead  
dyes  
mercury  
PCBs

xylene  
ytterbium

**Milk**

aluminium  
nickel  
PCBs  
aflatoxin  
shigellas  
parasites
